Aloha all!

Attached are the **Maui September 2011 Sales Statistics**

Brief Maui Statistics Overview:

Pages 4 - September's Sales Volume – September's Residential Sales dropped slightly to 78 homes sold, while Condo Sales declined to 76 units sold. Land sales came in at 11 lots sold.

Page 5 - September's Median SALES prices – Home median prices held steady at \$414,000, while Condo median prices rose to \$310,000. Land median price was \$285,000.

Page 6 - Days on Market for Residential homes = 117 DOM, Condos = 142 DOM, Land = 129 DOM. (General DOM Note: this is the average DOM for the properties that SOLD. If predominantly OLD inventory sells, it will move this indicator upward, and vice versa. RAM's Days on Market are calculated from List Date to Closing Date [not contract date]. As such, it includes approximately 60 days of escrow time.) Also – Short Sales transactions can often take 4-6 months to close thereby extending the marketplace's average DOM.

Pages 10 - 14 – "Year to Date Sales" numbers only compare January-September 2011 to January-September 2010. Short timeframe (monthly) views do not necessarily reflect the longer timeframe trends. 2010's Year End (Dec. 2010) figures are available at:

<http://www.ramaui.com/UserFiles/File/Stats/All-Dec2010.pdf>

Year to Date: Comparing January-September 2011 to January-September 2010 –

Residential unit sales rose (+8%), average sold price = \$802,550 (+3%), median price = \$432,000 (-6%) and total dollar volume sold = \$537,708,447 (+11%).

Condo unit sales decreased (-1%), average sold price = \$507,553 (-26%), median price = \$314,500 (-20%). Total Condo dollar volume sold = \$459,842,760 (-26%).

Land – NOTE: Land Lot sales are such a small sampling that statistics in this property class are not necessarily reliable indicators. Land lot sales increased (+6%), average sold price = \$620,193 (+23%), median price = \$99,500 (-32%), Total dollar volume = \$65,740,475 (+30%).

Also, total sales for immediately past 12 months: Residential = 864, Condo = 1,139, Land = 131.

IN A NUT SHELL..... the good, the bad..... AND THE ROAD AHEAD

Strong buyer-showing activity is now evidenced in actual reported sales, with multiple offers competing for well-priced properties. Inventories have declined 12-21% over the past 12 months. Many short sales and REO (bank owned) properties will need to be absorbed as sales before we can move ahead to a more normal marketplace. Interest Rates are remaining near historic record lows which may help motivate would-be Buyers to go ahead and buy IF they can qualify. Current World and US events will have ripple effects on cost of living, consumer confidence, and our Real Estate Market.

FOR SELLERS: Sellers who don't really need to sell (just "fishing?") should stay off the market, and clear the marketplace for those who REALLY have to sell. **UNLESS- you are motivated to Upsize, Downsize or Upgrade – While selling now will net less, your next property will cost less.** Sharpen your pencil, talk to your CPA and Realtor® to explore the hidden benefits or consequences. **Make no assumptions that will sting later.**

To be successful, Sellers need to beat competing properties with better property condition, **REALISTIC pricing**, good marketing, and flexible, creative terms (Seller Second Loan, Agreement of Sale, Lease-with-option-to-buy, and Sale-with-lease-back to seller). Days on Market figures show that properties priced right will sell in a reasonable timeframe. "Priced Right" is still the determining factor.

BEST Deals are selling, everything else is getting old.

Pro-Active Sellers are getting their properties **appraised, inspected and surveyed** in advance to encourage knowledgeable offers from realistic Buyers. This can prevent unanticipated escrow fallout or Buyers whittling your price down during the transaction when previously unknown facts come to light. **Unrealistic Sellers** continue to be **ignored** by the market and miss current opportunities that later become woefully apparent. They may even end up in a Short Sale or Foreclosure situation that could have been avoided.

FOR BUYERS: Low interest rates may start to inch up. Buyers should get Pre-Approved so they can shop in confidence (fewer last minute disappointments due to non-funding loans).

More "short-sales" and foreclosures are happening in the marketplace, yet they can be less of a bargain than they seem, requiring more hurdles to leap and more time (often 4-6 months) to close, if at all.

Be prepared, but BE REALISTIC. Lenders are much more stringent on requirements for loan approval.

First-Time Home Buyers – Many programs are available..... Attend a First-Time Home Buyers workshop, get familiar with the process, get qualified/approved, do your homework to get your own home. Many current owners **never thought they would be able to own** until they attended a workshop, discovered they could own a home, and are glad they did.

This low point in the market is your rare chance, so check it out carefully.

Disclaimer: Zooming in on the figures of a specific geographic area or property type may lead to different conclusions that looking at the overall view.

Maui's market place is much smaller than Oahu's, and a few high or low sales have a greater effect on the statistical numbers without necessarily indicating a big market swing one way or another.

For questions regarding today's market, please call our new RAM 2012 President, Bob Lightbourn at 808-283-4384.
